Name: TC-04 Read opinions
Creator: Walter White
Version: 25/03/2019
Description/Purpose: Read the opinions from a festivity by others users.
Actor: User no registered, User registered, Admin
Test Data:
Precondition: none
Dependencies: This festivity can't be on the data base.

Steps:	Expected Result:
1- The actor has to visit a festivity page. 2- The actor click on the opinion button.	1- The page is load correctly. 2- The opinion's panel is open and appears all comments for this festivity. The actor can read all comments about this festivity.

Name: TC-05 Social sharing
Creator: Skyler White

Version: 26/03/2019
Description/Purpose: The actor can share this page on his/her social network.
Actor: User no registered, User registered, Admin
Test Data:
Precondition: none
Dependencies: The actor must have an account on any social network.

Steps:	Expected Result:
1- The actor has to go to home page. 2- The actor has to click on the link of a social share. 3- The actor click on publish.	1- The page is loaded correctly. 2- The navegator open a new tab with the promotional page for this social share. 3- The actor is member of this "event".

Name: TC-07 Modify data
Creator: Skyler White
Version: 26/03/2019
Description/Purpose: The actor can modify him/her personal data.
Actor: User registered, Admin
Test Data: name[valid, invalid], surname[valid, invalid], email[valid, invalid], password[valid, invalid].
Precondition: none
Dependencies: The actor have to has an account on any social network.

Steps:	Expected Result:
1- The actor has to visit the sign up page 2- The actor check him/her information and insert the information that he/she wants to change. 3- The actor has to accept the changes, and he/she click on modify button.	1- The page is loaded correctly. 2- The actor insert all information correctly. 3- All information is saved on the data base, and is modified him/her personal information.
